NEW STORES

In the last 12 months we have opened 17 new stores, including our two latest in Derry and Yeovil. Our network of stores is spreading rapidly across the UK and Ireland. Many more exciting new stores are planned before Christmas and during 1999, including Blue Water in Kent – Europe's largest shopping centre. For the current list of GAME stores see the back cover of this catalogue or check out the listing on the GAME website for the latest updates on store information.

Sorry folks, it's the obligatory small print: This catalogue is completed several weeks before you read it. To the best of our knowledge, the prices, photographs and product specifications are correct at time of going to press (3/10/98) but are subject to change without notice. All prices include VAT at current rates. Offers are subject to availability and whilst stocks last. Offers may be changed, substituted or withdrawn without notice. We would particularly draw your attention to the console hardware packs that we offer from time to time. Due to factors beyond our control it may be necessary to materially change the contents, specification or price of such packs; often with little or no notice. **Prices in Ireland** will vary from time to time due to factors beyond our control, such as (but not exclusively) exchange rate fluctuations.
